

RII50415**DIPLOMA OF CIVIL CONSTRUCTION MANAGEMENT**

At Foundation Training Australia (FTA) we believe the best investment you can make is in yourself, today, for your future tomorrow. In this fast paced, digital world some things can't be rushed and quality training is one of them.

FTA ensures that your personal ambitions are fuelled and developed throughout your learning journey with real, first-hand practical experience, to provide you with a range of possibilities and career opportunities in this thriving industry.

At FTA we are committed to providing you with real and relevant training to provide you with the skills, knowledge and experience that should be valued, celebrated and rewarded.

**GET YOUR GAME FACE ON**

This course equips you with the necessary skills and knowledge to effectively fulfill high-level managerial responsibilities in civil construction operations, providing a broad range of technical, coordination and planning skills.

Your Diploma will prepare you for deploying a significant level of judgment and strategies, creating site-specific work instructions and practices to determine the selection of equipment, roles, and techniques – both autonomously and for others.

- ✓ **Recognition of Prior Learning**
- ✓ **Onsite Training**
- ✓ **Enrol anytime**

Call us today on 1300 990 064 to get qualified in this high level and in demand skill.

Is this course for you?

- Nationally Recognised Qualification
- Take a leadership role in more complex and challenging projects
- Industry experienced Trainers

Is this course subsidised?

For eligible students this training can utilise CSQ funding. If you aren't eligible, you can still enrol in the course as a full fee paying student. We have a number of payment options available.
