# Certificate II in CIVIL CONSTRUCTION

Founded by experts in the Building and Construction industry, **Foundation Training Australia** knows what it takes to train workforce ready, industry leading trade professionals.

We seek to guide your best self and truly **Develop Your Human Potential**.

We believe in a NO BS approach to learning providing you with expert, qualified trainers, flexible study options and hands on support to set you up for success and keep you motivated.

Don't settle! Whilst you will see the rest, when you're ready, work with the best.

## CONSTRUCT YOUR CAREER

The rise of major projects is placing high demand for skilled civil construction workers in Australia. This course is an entry-level pathway into the civil construction arena; giving you the basic skills and knowledge needed to become a civil construction worker.

Throughout this course you'll learn how to perform routine tasks like manual excavation and trench work while developing your workplace skills in organisation and communication.

Entry requirements for this course is that you must be currently employed in the industry.

## BENEFITS

-  Pave your way with a nationally recognised qualification for greater career opportunities
-  Achieve your goals with real world experience while you earn - Train On-Site!
-  Mentorship from highly qualified trainers

## FUNDING

For eligible participants this training can be delivered through a traineeship under the User Choice Program. If you aren't eligible, you can still enrol in the course as a full fee paying student.

YOUR CAREER REALISED
