

AHC20422

Certificate II in

HORTICULTURE

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career. Don't just learn a trade, master it. Train with the best.

GROW YOUR FUTURE

The Certificate II in Horticulture (AHC20422) is your first step into the dynamic world of horticulture, offering practical, hands-on training that prepares you for a rewarding career outdoors.

This qualification provides you with foundational skills and knowledge across a wide range of horticultural practices, including plant care, soil health, pest management, and safe work procedures.

Whether you're looking to begin your career in horticulture, continue with further study, or enhance your existing skills, this course offers the ideal balance of theory and practice.

On completion, you'll be job-ready for entry-level roles such as horticulture assistant, groundskeeper, or other positions within the industry.

There are no entry requirements for this qualification.

BENEFITS

-  Pave your way with recognised qualification for greater career opportunities.
-  Achieve your goals with real world experience while you earn and train on site.
-  Mentorship from highly qualified trainers

FUNDING
