

RII30920

Certificate III in **CIVIL CONSTRUCTION** (Traffic Management)

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.

Don't just learn a trade, master it. Train with the best.

DIRECT YOUR CAREER

The road to your career starts here. Become a qualified Civil Construction worker specialising in Traffic Management and gain an essential skill in a thriving industry.

In this course you'll learn how to conduct local risk control, work as a safety observer/spotter, read and interpret maps, operate a light vehicle, control traffic with a stop-slow bat and implement traffic management plans.

Entry requirements for this course is that you must be currently employed in the industry.

BENEFITS

-  Pave your way with recognised qualification for greater career opportunities.
-  Achieve your goals with real world experience while you earn and train on site.
-  Mentorship from highly qualified trainers

FUNDING

Foundation Training Australia provides a range of funding opportunities designed to support your learning needs and career goals. Eligible participants may be able to access partial or full funding for this course. While non-eligible participants can enrol as full-fee paying students. For more information or to confirm eligibility, please contact us info@fta.edu.au or 1300 990 064.
