Certificate II in CIVIL CONSTRUCTION

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.

Don't just learn a trade, master it. Train with the best.

CONSTRUCT YOUR CAREER

The rise of major projects is placing high demand for skilled civil construction workers in Australia. This course is an entry-level pathway into the civil construction arena; giving you the basic skills and knowledge needed to become a civil construction worker.

Throughout this course you'll learn how to perform routine tasks like manual excavation and trench work while developing your workplace skills in organisation and communication.

Entry requirements for this course is that you must be currently employed in the industry.

BENEFITS

-  Pave your way with recognised qualification for greater career opportunities.
-  Achieve your goals with real world experience while you earn and train on site.
-  Mentorship from highly qualified trainers

FUNDING

Foundation Training Australia provides a range of funding opportunities designed to support your learning needs and career goals. Eligible participants may be able to access partial or full funding for this course. While non-eligible participants can enrol as full-fee paying students. For more information or to confirm eligibility, please contact us info@fta.edu.au or 1300 990 064.

YOUR CAREER REALISED

Career Outcomes
