Certificate IV in CIVIL CONSTRUCTION (Supervision)

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.

Don't just learn a trade, master it. Train with the best.

BOOST YOUR CAREER

The RII40720 Certificate IV in Civil Construction (Super) equips individuals with the advanced skills required to perform supervisory and technical specialist roles within the construction industry.

With major infrastructure projects continuing to expand, there is an increasing demand for qualified professionals who can lead teams, manage operations, and ensure safety compliance.

This course covers key areas including workplace leadership, operational coordination, health and safety legislation, and the application of management systems.

Learners will gain the expertise needed to develop and supervise teams and to supervise contractors effectively.

Entry requirement: You must be currently employed in the construction industry to enrol in this course.
