CPC40120
Certificate IV in **BUILDING AND CONSTRUCTION (BUILDING)**

FOUNDATION™ TRAINING AUSTRALIA
ambition inspired

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.
Don't just learn a trade, master it. Train with the best.

PAVE YOUR CAREER

Start or elevate your building business and become a qualified builder. If you're aiming to become a residential builder and are working towards your Builder – Low Rise licence, this course is designed for you.

You will learn how to plan building construction work, apply structural principles, supervise on-site construction, and develop a solid understanding of estimating and monitoring project costs.

The course covers the essential skills, knowledge, and experience required to confidently take the next step in your building career.

This course meets the technical requirements for a Builder – Low Rise Licence with the QBCC.
Entry requirement: You must be currently employed in the building and construction industry to enrol in this course.

BENEFITS

- Pave your way with recognised qualification for greater career opportunities.
- Achieve your goals with real world experience while you earn and train on site.
- Mentorship from highly qualified trainers

FUNDING
