With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, practical, hands-on support, you'll gain the confidence, skills and drive to thrive in your career.
Don't just learn a trade, master it. Train with the best.

BUILD YOUR CAREER

This course is designed for construction high-flyers who are ready to take the next step in their career—either into a supervisory role or by expanding their business scope of work.

You will learn the fundamentals of working on low and medium-rise construction sites, gaining skills in building surveying, job and site supervision, project and safety management, and the ability to confidently assess and plan projects. The course also covers project costing, contract administration, and resource management responsibilities.

This course meets the technical requirements for a Builder (Medium Rise) Licence with the QBCC.
Entry requirement: You must be gainfully employed in the construction industry.

BENEFITS
