FOUNDATION TRAINING AUSTRALIA
ambition inspired

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, and practical, hands-on support, you'll gain the confidence, skills, and drive to thrive in your career.
Don't just learn a trade, master it. Train with the best.

PAVE YOUR CAREER

The RII30920 Certificate III in Civil Construction (General) provides learners with the foundational skills and knowledge required to work across a range of roles within the civil construction industry. Covering a broad scope of competencies—including workplace safety, operational techniques, and equipment handling—this qualification equips learners to confidently undertake general civil construction tasks.

This course is ideal for individuals seeking entry-level roles or those looking to enhance their skills and capabilities within the industry. It has a strong focus on practical, real-world training that aligns with current industry standards and safety requirements.

Graduates will be well prepared for careers in roadworks, drainage, and other civil infrastructure projects.
Entry requirement: You must be currently employed in the civil construction industry to enrol in this course.

BENEFITS

- Pave your way with recognised qualification for greater career opportunities.
- Achieve your goals with real world experience while you earn and train on site.
- Mentorship from highly qualified trainers

FUNDING
