Certificate III in **CIVIL CONSTRUCTION** (Traffic Management)

FOUNDATION™ TRAINING AUSTRALIA

ambition inspired

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, practical, hands-on support, you'll gain the confidence, skills and drive to thrive in your career.
Don't just learn a trade, master it. Train with the best.

DIRECT YOUR CAREER

The road to your career starts here. Become a qualified Civil Construction worker specialising in Traffic Management and gain an essential skill in a thriving industry.

In this course you'll learn how to conduct local risk control, work as a safety observer/spotter, read and interpret maps, operate a light vehicle, control traffic with a stop-slow bat and implement traffic management plans.

Entry requirements for this course is that you must be currently employed in the industry.

BENEFITS

- Pave your way with recognised qualification for greater career opportunities.
- Achieve your goals with real world experience while you earn and train on site.
- Mentorship from highly qualified trainers
