Certificate III in **CIVIL CONSTRUCTION** (Bituminous Surfacing)

FOUNDATION™ TRAINING AUSTRALIA

ambition inspired

With deep roots in the Building and Construction industry, we know what it takes to shape workforce-ready, highly skilled trade professionals who stand out from the crowd.

At FTA, we don't just deliver training, we unlock potential.

Our focus is simple: real results, expert guidance, and pathways to success. With qualified trainers, flexible study options, practical, hands-on support, you'll gain the confidence, skills and drive to thrive in your career.
Don't just learn a trade, master it. Train with the best.

SOLIDIFY YOUR CAREER

The **Certificate III in Civil Construction(Bituminous Surfacing)** equips you with the essential skills and knowledgeto work on bituminous surfacing projects, which are crucial in the construction and maintenance of roads, highways, and other infrastructure. This qualification is designed for individuals looking to enhance their expertise in civil construction, with a focus on bitumen and asphalt operations.

You'll learn practical skills in applying bituminous products, operating specialised machinery, and ensuring safety standards are met on worksites. With this nationally recognised certification, you'll be prepared for roles such as Bituminous Surfacing Plant Operator or Paving Machine Operator, contributing to major civil infrastructure projects.

Ideal for those seeking a hands-on career in the civil construction industry, this course provides you with the technical know-how to make a real impact on Australia's road networks.

Entry requirements for this course is that you must be currently employed in the industry.

BENEFITS

- Pave your way with recognised qualification for greater career opportunities.
- Achieve your goals with real world experience while you earn and train on site.
- Mentorship from highly qualified trainers
